

CHRISTMAS ORNAMENTS FOR YOUR CACTUS

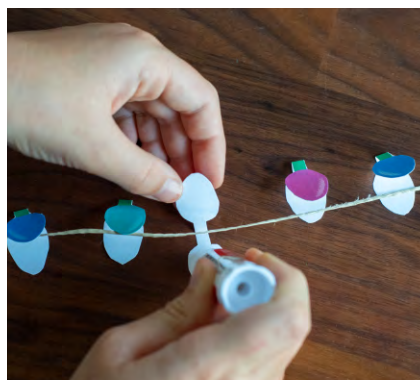

SUPPLIES

- Scissors
- Glue
- String or thin wire
- Ornament hooks

MAKE THE STRING OF LIGHTS

After cutting, fold lights along the white line.

Place the cord inside the top part of the fold and glue both sides of the lightbulb together. Continue with all the lightbulbs and wrap around the cactus.

ALWAYS USE GLOVES WHEN HANDLING CACTI!

ORNAMENT INSTRUCTIONS

Print and cut ornaments, glue together to have a back and a front, open holes on top for hooks to hang on cactus.

Depending on the type of cactus, you can also use thin wire to hang instead of ornament hooks.

- *Print bigger or smaller depending on your cactus!*
- *Print on cardstock for extra durability.*
