# DIA DE LOS MUERTOS POP-UP CARD

## SUPPLIES:

Blank card

Scissors

HP Glossy photo paper, 8-1/2x11"

Glue

Tulle, feathers or ribbon

Small craft foam

Share your excitement for Dia de Los Muertos by making a pop-up card to give to a friend. Use it to write a sentiment, favorite memory or encouraging note. Dia de los Muertos is a Mexican tradition to honor the cycle of life. Held on November 1 and 2nd, it's celebrated by creating an ofrenda in honor of a loved one who passed away. You can create an ofrenda with a photo of a loved one, cheery sugar skulls, and marigold flowers.

You'll love this printable because it comes with everything you need to make a beautiful and colorful card!

## DIRECTIONS:

1. Print the sheet of the card decorations.

2. Cut a notch at the top of the blank greeting card.  
3. Press the notch in so it acts as a pop-out when the card is opened.

4. Cut the patterned portion of the printable and glue to the top of the card, add the strip of the zig zag design.

5. Cut the craft foam in small pieces and glue to the back of the skeleton lady and press in place on the front of the card.

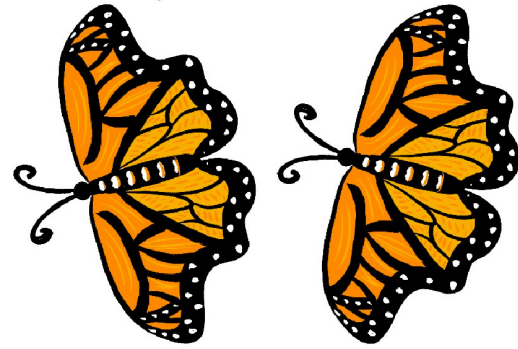

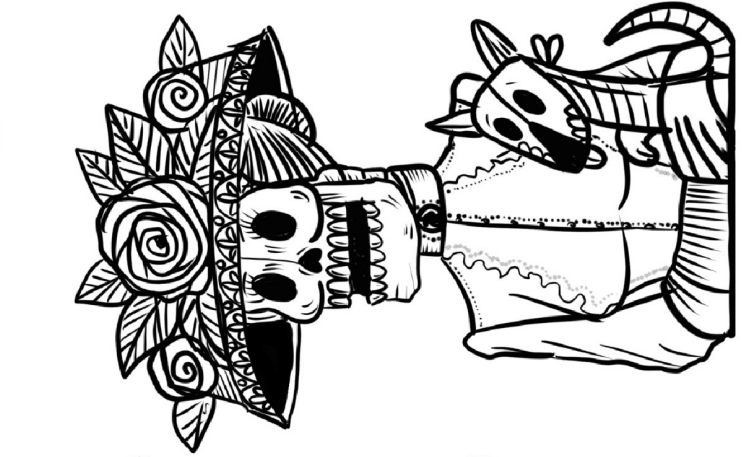

6. Use a foam piece to glue the picture inside the card to the pop-up tab.
