

# Halloween SCAVENGER HUNT ...with a Cootie Catcher

Halloween is just around the corner and I have a fantastic game for you!

You will be able to color, craft and play with your friends!

Go on a **Scavenger Hunt** and let the **Cootie Catcher** decide what to hunt for!

## You will need:

- templates (Cootie Catcher & framed Halloween pictures)
- coloring pens
- scissors

## And here is what you need to do:

1. Color in & cut out the **framed Halloween pictures**. You can print out as many as you wish. Instead of hunting for only one cat (picture) you and your friend can search for as many as you have printed!
2. Color in & make your own **Halloween Cootie Catcher**.
3. **Hide the framed Halloween pictures** well but still so that your friends will be able to spot them.
4. **Gather your friends around!**
  - Have the first **choose** Owl, Pot, Potion or the Happy Halloween Scroll.
  - If your friend chooses 'Owl' he/she can now decide between 5 or 6.
  - If he/she chooses 5, everyone has to find the **Witch Hat(s)**!

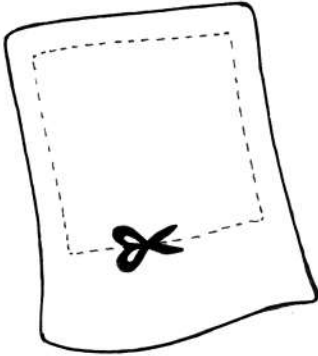

# How to make your Cootie Catcher

What do you need to know if you want to play the **Halloween Scavenger Hunt Cootie Catcher Game**?

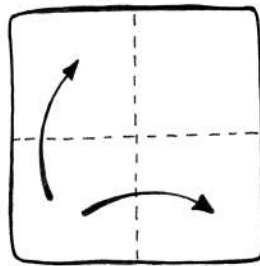

How to turn a flat piece of paper into a Cootie Catcher **Paper Toy**?!

Yes! That is absolutely correct!

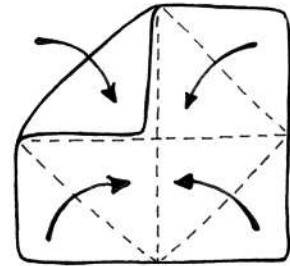

So let me show you how:

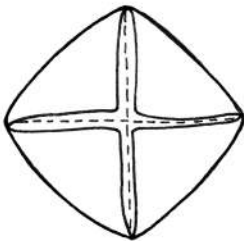

Cut out the paper square.

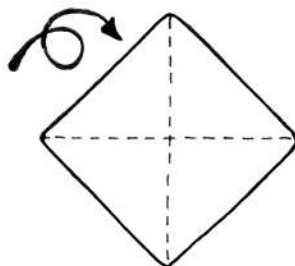

Fold vertically and horizontally.

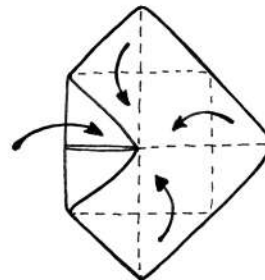

The picture faces down - the table. Fold corners to the centre.

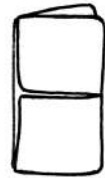

This is what you see when all corners are folded.

Turn the paper.

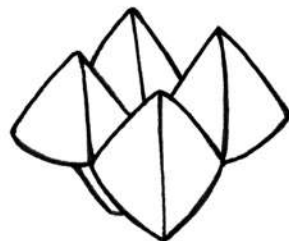

Fold all corners to the centre again.

Gently put thumbs & pointers into pockets & push them into shape.

Congrats! You have made your own Cootie Catcher!

And now it is time to **PLAY!!!**

**HAVE FUN!!!**

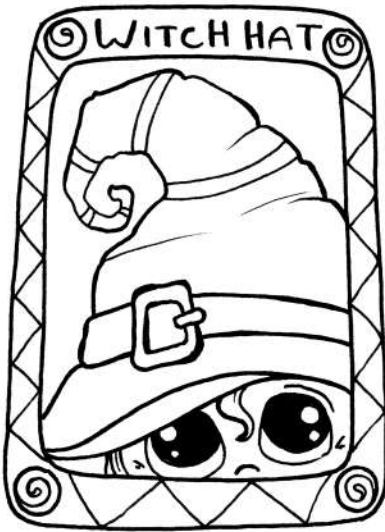

# Halloween SCAVENGER HUNT Cootie Catcher

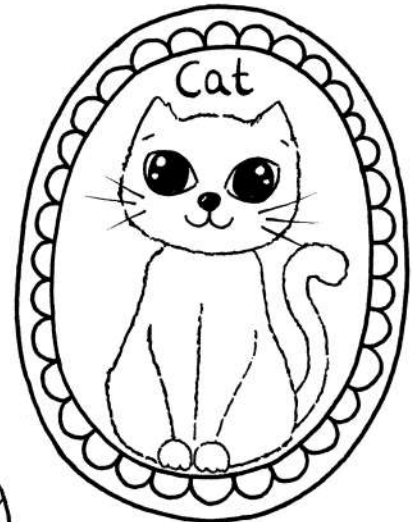

Color in and cut out the square.  
Follow the instructions to make and fold your Cootie Catcher.
